

Fall Faculty Conference

September 13 & 14, 2023

Texas A&M AgriLife Research & Extension Center at Weslaco

Agenda

Wednesday, September 13th (Business Casual)

10:00 AM Arrival & Registration - Foyer

Welcome & Overview - Auditorium

Administrative Update

12:00 PM Lunch - Foyer (provided)

TAE4HA Meeting - Research Conference Room

1:00 PM Leadership Empowerment Group

- Topic 1: Goal Setting and Organizational Skills

It is expected that the participants of this training will leave with a better understanding of Organizational skills and how they help with productivity and leadership. It is also expected that the participant will be able to take the concepts learned and apply them to their leadership situation. Participant will learn skills that can lead to improved productivity, better management, and an overall increase in professional growth that will help leaders be more successful.

- Topic 2: Building a Team

Creating highly effective teams is the number one competitive advantage in businesses today. This course explores ways in which leaders can build and effective lead teams through agile leadership and strong relationships. Participants are expected to leave this training with a big-picture vision for leading effective teams through transparency and greater perspective (empathy). Additionally, participants will understand ways in which access team-building ideas.

4:45 PM Wrap Up
